Welcome to The Marina at American Wharf 2016 season

I'd like to offer a warm welcome back to all of our returning customers who have been loyal to us for many years.

The Marina is back in high gear; the docks are ready to welcome vessel traffic back in the slips, the pool is open and the Sunset Burger Company is excited for a new season.

I'm very much looking forward to another fantastic summer at the beautiful Marina at American Wharf.

Introducing the Sunset Burger Company

We are pleased to announce new operators for the former Wharf restaurant. The Sunset Burger Company will call The Marina their new home with a grand opening expected at season's opening.

The Sunset Burger Company will feature a menu based with their soon-to-be-famous hand-ground specialty burgers made from 100% Angus beef, as well as many custom menu items and small plates created by their executive chef.

The Sunset Burger Company will feature the area's best happy hours and feature entertainment by local artists. Specialty cocktails, craft beers, and an excellent wine selection will anchor its drink menu. The daily operations will be handled by operator Marc Alderucci who has an extensive bar/restaurant background that includes M Lounge and The Angry Bull Saloon in downtown Hartford and formerly the PourHouse and Bourbon Street in downtown Hartford. He looks forward to bringing his creative energy to Norwich and launching the area's newest and best waterfront restaurant, Sunset Burger Company.
